Dear Grown-Ups

How to get the most out of this workbook

Who it is for

First graders, ages 6–7. Addition and subtraction within 20, word problems, tens and ones, telling time, sight words and word puzzles, plus mazes and picture puzzles for a break.

How to use it

- One or two pages a day, 15–20 minutes, is plenty.
- Read word problems together first, then let your child solve them on their own.
- On sight word pages, read each word out loud before tracing it.
- Answer keys are at the back. Check together and treat a mistake as a reason to try again.
- After each page, your child colors a star on the progress chart (page 3). The certificate is on page 33.

Skills in this workbook

Numbers	Adding and subtracting to 20, word problems, tens and ones, time. pages 4–13
Words	Sight words, picture rebuses and word searches. pages 14–25
Puzzles	Harder mazes, dot-to-dots, spot the difference and drawing. pages 26–32

Answer key

Answers for grown-ups start on page 34. Check together and treat a mistake as a reason to try again.

Printing tip: choose “Actual size” (100%). Most pages print well in black and white, and you can skip printing the answer pages.
