Castle

cut • fold • glue - box hall and 4 tube towers with cone roofs

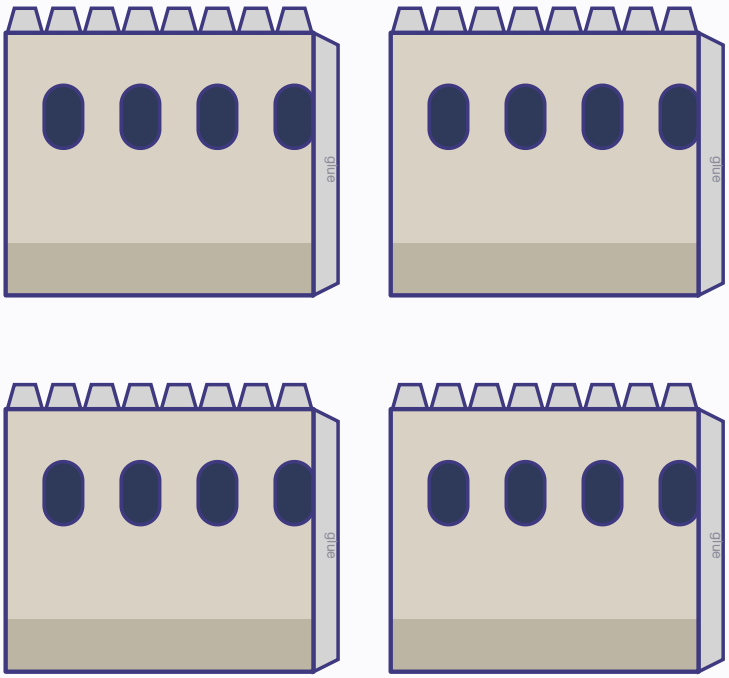

castle hall (box)

cone roofs (4 pcs)

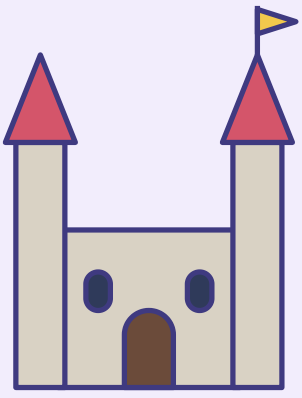

tube towers (4 pcs)

flags (2 pcs)

Here's what you'll get:

height ≈ 12 cm

cut
fold
apply glue

paper 160-200 gsm
print at 100% scale
glue stick

1. Cut out all pieces along the solid lines. A grown-up helps with the small ones.
2. Glue the hall: fold along all dashed lines and glue the box using the tabs. Glue the roof lid last.
3. Roll each tower into a tube and glue the side tab. Roll the cone roofs and glue their tabs.
4. Glue the cut teeth of the towers under the bottom of the hall at the corners. Glue the roofs with their teeth on top of the towers.
5. Glue the flags to the tops of the roofs.
