# Church

cut • fold • glue - box hall, prism roof, tube bell tower with a cone spire

**hall (box)**

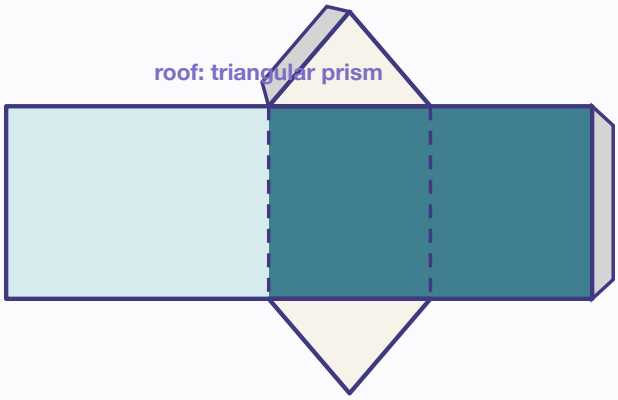

**cone spire**

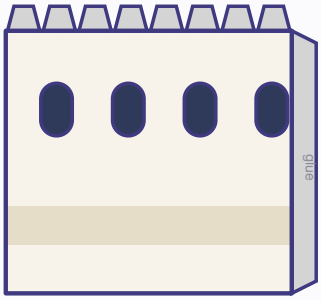

**cross**

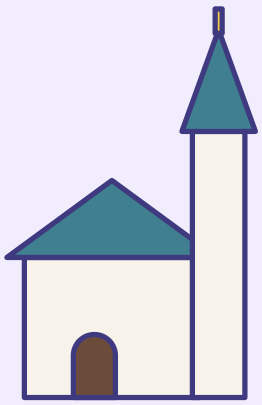

**roof: triangular prism**

**bell tower tube**

**Here's what you'll get:**

height ≈ 14 cm

| | |
|---|---|
| cut | paper 160-200 gsm |
| fold | print at 100% scale |
| apply glue | glue stick |

1. Cut out all pieces along the solid lines. A grown-up helps.
2. Glue the hall as a box, glue the prism roof at its ends and put it on top.
3. Roll the bell tower into a tube and glue the tab. Roll the spire into a cone and glue it with its teeth on top of the tower.
4. Glue the bell tower to the end of the roof with its teeth and the cross to the spire.
5. Color the windows and the door if you like.
