Unicorn

cut • fold • glue - cubes, cone horn and tube legs

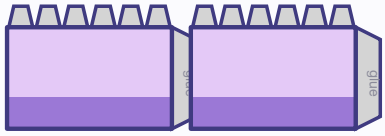

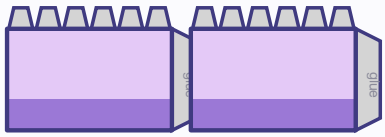

cone horn

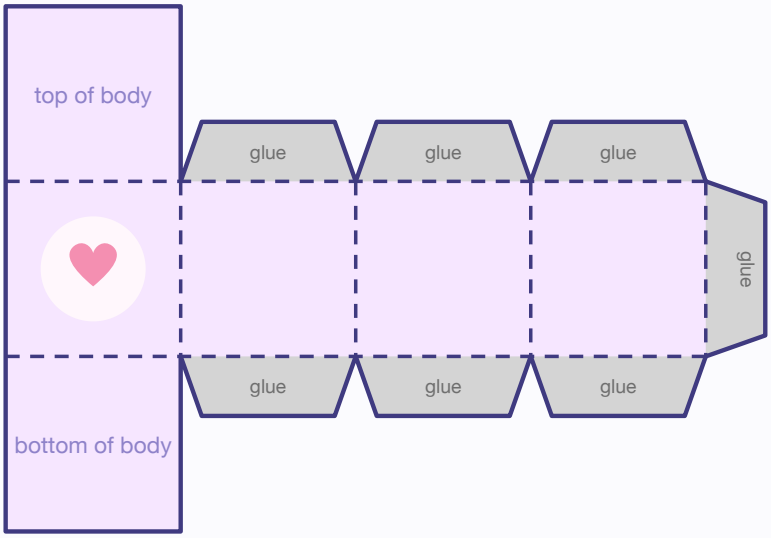

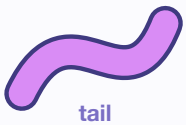

ears (2 pcs)

tube legs (4 pcs)

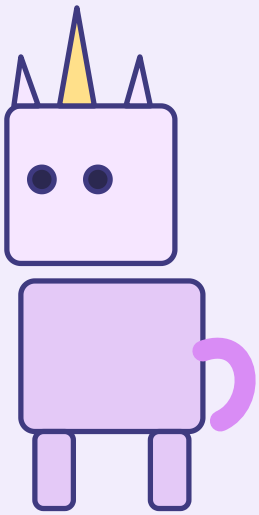

tail

Here's what you'll get:

height ≈ 12 cm

cut
fold
apply glue

paper 160-200 gsm
print at 100% scale
glue stick

1. Cut out all pieces along the solid lines. A grown-up helps with the small ones.
2. Glue the head and body as cubes (the tab marked "glue" + the lids). Horn: roll the sector into a cone and glue the side tab.
3. Legs: roll each rectangle into a tube, glue the side tab and cut the teeth at the top.
4. Glue the legs with their teeth under the body and put the head on the body.
5. Glue the horn with its teeth on top of the head, the ears beside it and the tail at the back.
