Dear Grown-Ups

How to get the most out of this workbook

Who it is for

Children aged 5–6: kindergarteners and children getting ready for kindergarten. The pages practice skills named in the US kindergarten standards (Common Core): naming and writing upper- and lowercase letters, hearing the sounds in simple words, counting and comparing numbers to 10, and adding within 10. Mazes, dot-to-dots and coloring build the pencil control children need for writing.

How to use it

- One page a day is plenty: 10–15 minutes, at a time when your child is rested.
- The pages go from easier to harder. It is fine to skip a page and come back to it later.
- Read the instructions aloud, then let your child do the work, even if it is not perfect.
- Use a pencil for tracing and crayons for coloring. Praise the effort, not the neatness.
- After each page, your child colors a star on the progress chart (page 3). The certificate is on page 58.

Skills in this workbook

Pencil control	Waves, loops, circles and spirals: a steady hand for writing. pages 4, 15, 25
Letters	Tracing letters, first sounds, simple words, a first word search. pages 5–55
Numbers	Writing numbers, counting, comparing, adding within 10. pages 10–53
Puzzles	Mazes and dot-to-dots: attention, patience and planning. pages 13, 23, 35, 45, 56
Coloring	A coloring page at the end of each part as a little reward. pages 14, 24, 36, 46, 57

Answer key

Answers for grown-ups start on page 59. Check together and treat a mistake as a reason to try again.

Printing tip: choose “Actual size” (100%). Most pages print well in black and white, and you can skip printing the answer pages.

My Progress Chart

One page a day, one star a day

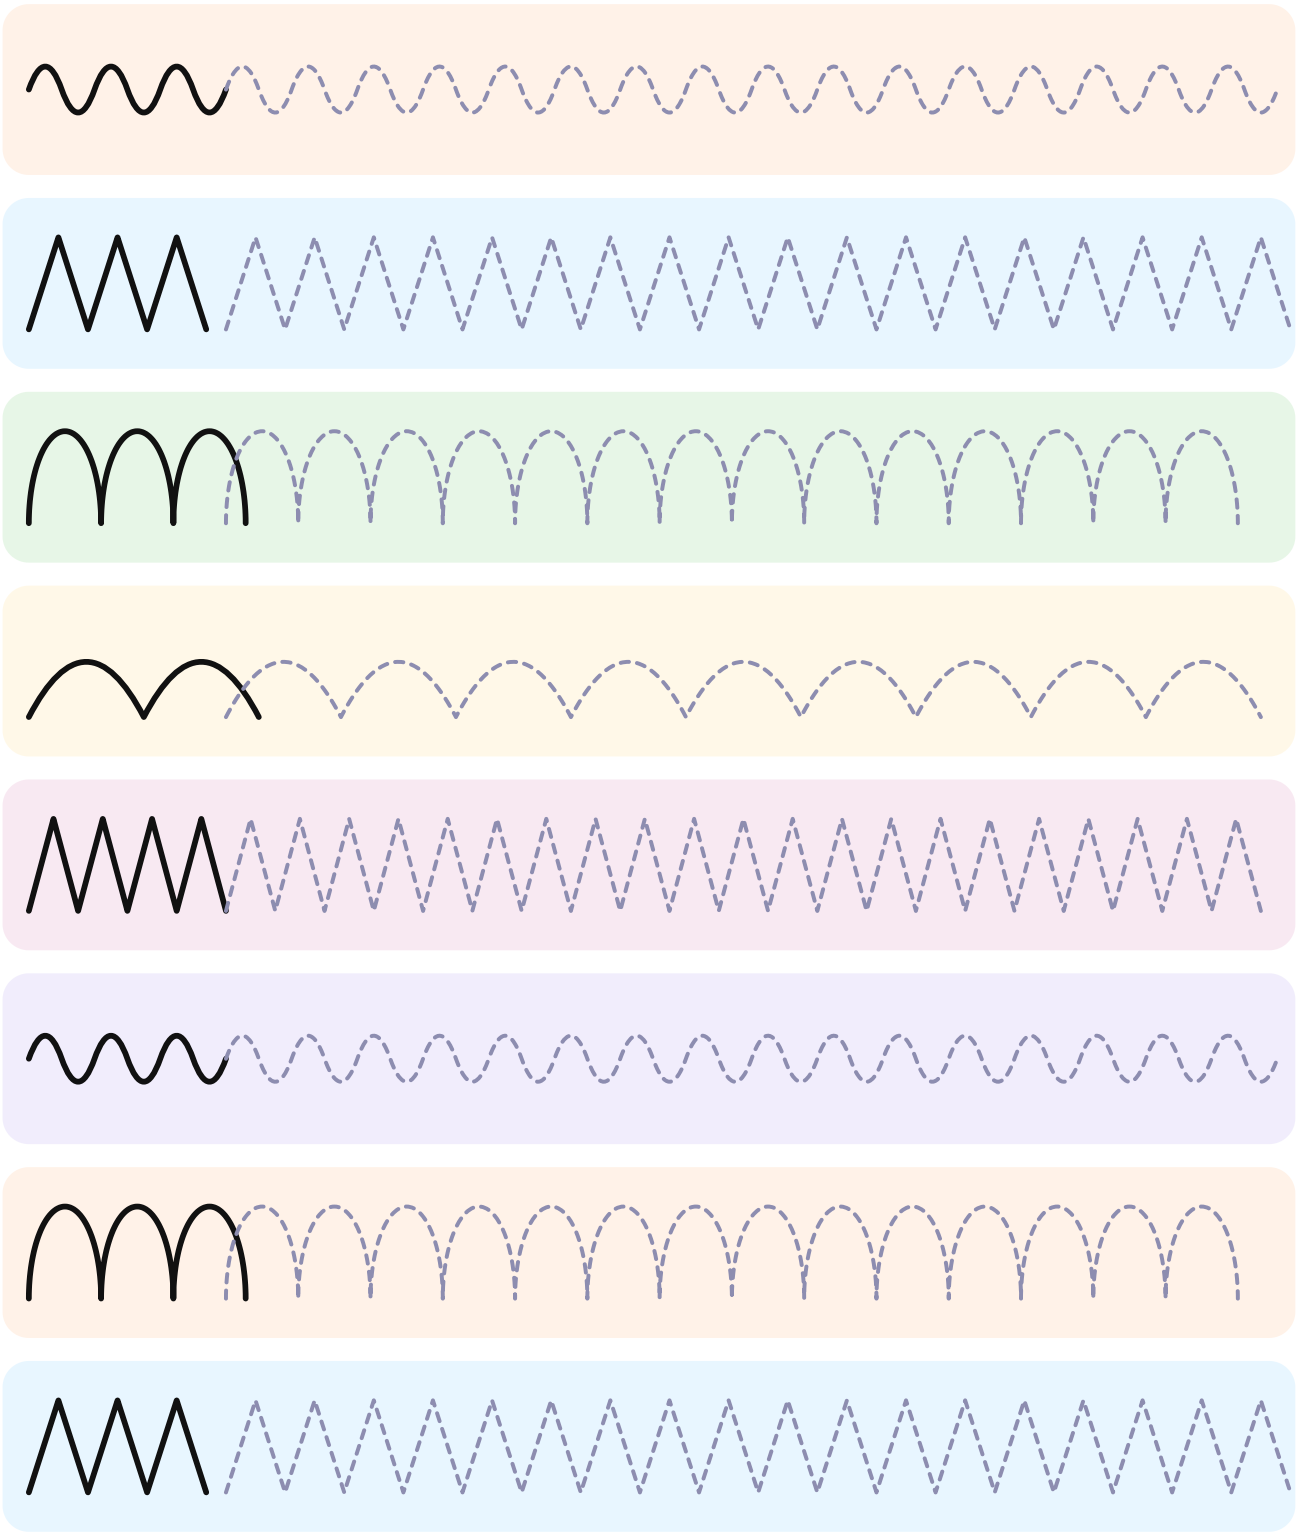

Finished a page? Color its star!

4	5	6	7	8	9	10
