Unicórnio

recorte • dobre • cole - cubos, chifre de cone e patas de tubo

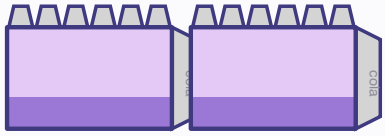

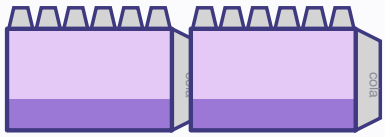

chifre de cone

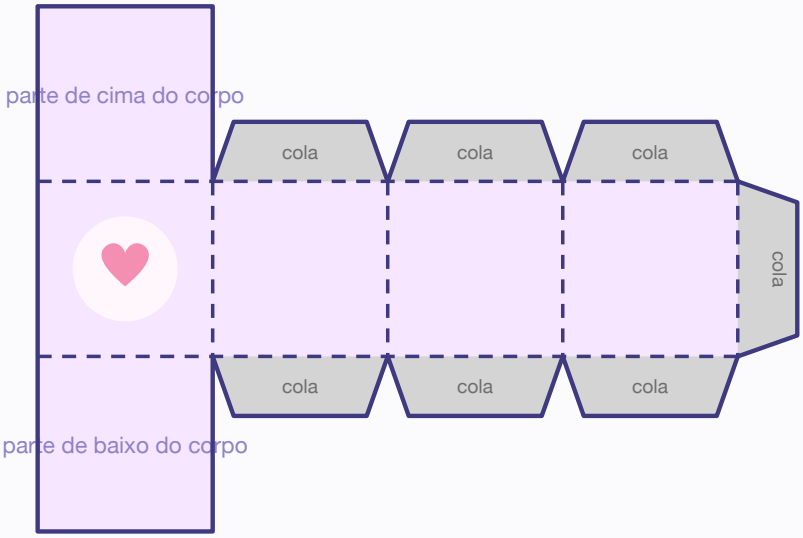

orelhas (2 un.)

pernas de tubo (4 un.)

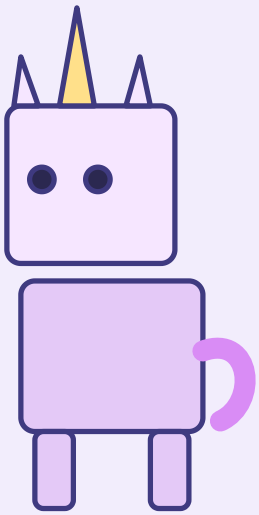

rabinho

Vai ficar assim:

altura ≈ 12 cm

recortar	papel de 160-200 g/m²
dobrar	imprimir em 100%
passar cola	cola bastão

1. Recorte todas as peças pela linha contínua. Um adulto ajuda com as pequenas.
2. Monte a cabeça e o corpo como cubos (aba "cola" + tampinhas). Chifre: enrole o setor formando um cone e cole a aba lateral.
3. Patas: enrole cada retângulo num tubinho, cole a aba lateral e corte os dentinhos de cima.
4. Cole as patas pelos dentinhos embaixo do corpo e a cabeça em cima do corpo.
5. Cole o chifre pelos dentinhos no alto da cabeça, as orelhas ao lado e o rabinho atrás.
